

# Steel sector - Current situation

## Main Interaction between BREFs

- IED revision finished (Published OJ)
- IED revision almost finished (Final Draft released)
- IED revision well - advance (After Final meeting)
- IED revision on-going (D1 released)
- IED revision early stage (before D1)
- IED revision very early stage (before KoM)
- IED revision not yet started (IPPC version)

(1) Maybe Merging to Resource efficiency BREF. But better if resource efficiency will be dealt with in the vertical BREFs.
